Creighton
UNIVERSITY
School of Medicine

Department of Health & Human Services
DHHS
NEBRASKA

PURPOSE AND OBJECTIVES

PURPOSE: To bring together individuals from Nebraska and surrounding states who are interested in promoting immunization levels that will eliminate vaccine preventable diseases throughout the lifespan of all persons.

OBJECTIVES: At the end of this program the participant should be able to:

- Discuss current and future recommendations for childhood and adult immunization in the United States
- Describe key issues surrounding the safety of vaccines
- Outline current adult immunization requirements and recommendations for international travel and health
- Discuss the potential impact of vaccine-preventable diseases on employees and the risks, benefits and recommendations of vaccination and preventive therapy
- Describe immunization challenges in internationally adopted children, refugees, asylees and immigrants
- Discuss, network and view poster presentations of current and future recommendations for childhood and adult immunization
- Explain the epidemiology and burden of vaccine-preventable diseases
- Examine recent controversies and questions regarding immunizations in the United States
